

2023 Days of Remembrance

Since 1982, the Museum has organized a national, weeklong **Days of Remembrance** to reaffirm our enduring commitment to keep the memory of the victims of the Holocaust alive.

Below are sample social posts to mark the Days of Remembrance. While the Day of Remembrance is observed internationally on April 18, we ask that you share your posts ahead of the national ceremony held at the US Capitol on the morning of **Thursday, April 20**. It will be available live at 10:30 a.m. ET and then on demand here: www.ushmm.org/DOR2023

Below are sample social media posts and graphics about the Days of Remembrance. Please contact [Hayley Miller](#) for social media questions.
